

Play Football and Learn English in Malta

Milan Junior Camp

The Milan Junior Camp (MJC) is AC Milan's official football programme and is part of the "Milan Youth Project". MJC, introduced over 15 years ago, is designed to provide the highest level of professional instruction in youth football. MJC is sanctioned by the Italian Youth Football Federation and is staffed with highly qualified coaches who are selected directly through AC Milan's Youth Programme. All coaches are ISEF qualified and/or are former professional football players.

The Milan Youth Project has been developed by AC Milan for boys and girls under the age of 16 and designed to be both educational and fun. Students may be selected and invited to participate at the MJC Day in Milan in October which is a fantastic opportunity for budding football stars to be noticed by AC Milan and possibly leading to trials with one of the world's best football clubs.

About Malta

Malta, ideally located in the centre of the Mediterranean, has a rich cultural heritage and history spanning 7,000 years. Malta has two official languages, English and Maltese, and with endless sunshine, crystal-clear waters and excellent football grounds it is the obvious destination for learning English and football training. In fact, Malta has been hosting English language students for almost half a century making it a popular and safe destination for students from all over the world. And AC Milan has selected one of the best football facilities on the island for hosting the MJC.

09.07.2011 – 24.07.2011**

ESE and Milan Junior Camp

At both MJC and ESE we understand how important it is for students to feel at home from the first moment they arrive in Malta. Students are met and greeted at the airport by ESE staff and made to feel welcome and secure which is especially important for those teens away from home for the first time. Our goal is to make sure that all our students have a memorable and fun, football and English, learning experience at Milan Junior Camp and ESE. Our teachers and trainers are qualified professionals and all our staff are always ready to assist in anything our students may require. ESE group leaders are with the participants 24/7 for that added peace of mind offering Welfare and Student Assistance whenever needed. ESE is one of the leading authorised schools in Malta with accreditations by FELTOM, MSA, WYSEC, ALTO and IATA.

Combine quality football training with quality English learning at ESE. This two week course allows youths to participate in football training sessions in the mornings and learn and practice English in the afternoons. The combined course also has leisure and cultural activities to make the whole stay at MJC and ESE an educational and fun-filled memorable experience.

The academic staff at ESE who teach in the teenager programmes are a blend of young and well qualified teachers specially selected to stimulate and encourage learners to develop the 4 skills of listening, speaking, reading and writing. Students from all over the world participate and the combination of football and English is the common language making it a great platform for the students to practise their English and make friends.
